Any employee or student violating the policy will be referred to a rehabilitation program and/or disciplined in an appropriate manner, up to and including termination of employment or expulsion from academic course work. Employee discipline, when appropriate, shall be taken under the relevant provisions of Collective Bargaining Agreements and College policies. (For more information on the approved Alcohol and Drug Free Workplace refer to Policy 205 in Employee handbook.)

An employee or student convicted of a drug-related offense must notify the College within five (5) days of conviction. Students will report a conviction to the Office of Security. Employees must report to the Office of Human Resources.

5. Students who violate the Drug-Free Campus Policies will be subject to the Student Code of Conduct sanctions.

More detailed information about College Policies regarding a Drug-Free College Environment can be found on the College's website. Drug and Alcohol Health Risks

Substance abuse can affect all individuals; approximately 22 million individuals nationwide suffer from substance abuse. Countless others are affected indirectly as family members or friends of individuals with a substance abuse problem.

The problems caused by substance abuse have now reached epidemic proportions, creating overwhelming pain, suffering, and expense for individuals, their families, and employers. Anyone suffering with the problem of substance abuse is strongly encouraged to seek assistance from the services provided at the college or from local community agencies. Early identification of substance abuse is important in the rehabilitation process. Signs of substance abuse include:

Disciplinary Sanctions

The Pennsylvania Highlands Community College Student Handbook and Employee Handbook, individually describe possible disciplinary sanctions for violating any College Policy or Code of Student Conduct.

The Student Code of Conduct Disciplinary Process is as follows:

Reporting an Incident

The College itself, and members of the College community should report violations of College rules, regulations, or policies to the Office of Security and Safety or site staff members. Details of the incident are to be documented on an Incident Report Form and must include all of the following information:

- Date, time and location of incident
- Nature of incident
- Individual(s) involved
- Witnesses
- Description of incident
- Immediate action taken
- Signature of person filing the report and the date

The College community encourages the reporting of sex discrimination and Student Code of Conduct violations. Sometimes, victims are hesitant to report to College officials because they fear that they themselves may be charged with policy violations, such as underage drinking at the time of the incident. It is in the best interest of this community that as many victims as possible choose to report to College officials. To encourage reporting, the College pursues a policy of offering victims of sex discrimination and sexual misconduct limited immunity from being charged with policy violations related to the particular incident. While violations to policy cannot be completely overlooked, the College will provide educational options rather than punishment, in such cases.

Good Samaritan

The welfare of students in our community is of paramount importance. At times, students on and off campus may need assistance. The college encourages students to offer help and assistance to others in need. Sometimes, students are hesitant to offer assistance to others, for fear that they may get themselves in

trouble (for example, a student who has been drinking underage might hesitate to help take a victim of sexual misconduct to the Office of Security and Safety). The College pursues a policy of limited immunity for students who offer help to others in need. While policy violations cannot be overlooked, the College will provide educational options, rather than punishment, to those who offer their assistance to others in need.

Administrative Conference

The Director of Security and Safety, Director of Student Activities and Athletics, or their designee(s) will conduct an investigation of the alleged incident and will hold an administrative conference with each student involved. The administrative conference procedures are as follows:

- The student will be notified that his/her name is mentioned on an incident report.
- A summary of the specific violations will be presented to the student and the student will be given the opportunity to admit to or deny any alleged violations of College rules, regulations, or policies. The conference may result in the charges being disposed of administratively by mutual consent of the parties involved. In these situations, the disposition shall be final and there will be no subsequent proceedings. It is expected that most issues will be resolved informally.

If the student admits to the violation, sanctions will be imposed during the Administrative Conference.

If the student is believed to be responsible but denies the violation, a Judicial Board Hearing will be scheduled.

In situations where the allegations are significant in nature, at the discretion of the Vice President for Student Services, the case may be immediately moved to the pre-board review level to commence judicial board action.

Interim Suspensions

The Vice President for Student Services or designee may impose an interim suspension prior to a hearing before the Judicial Board. Interim suspension may be imposed only to ensure the safety and well-being of members of the College

community or preservation of College property, to ensure the student's own physical or emotional safety and well-being, or if the student poses a definite threat of disruption of or interference with the normal operations of the College.

During the interim suspension, students will be denied access to the College, including classes and all other activities or privileges for which the student might otherwise be eligible. In such cases, the necessary notice and hearing shall follow as soon as is practical.

Pre-Board Review

The Director of Student Activities and Athletics, who will serve as the Hearing Officer, will offer the opportunity to meet with both the accused and complainant students to explain the judicial process and the student's rights and responsibilities. The role of the pre-board review is not to determine accountability, but to assist the student in understanding the hearing process. A student is responsible for participating in the Judicial Board Hearing regardless of whether he or she elects to participate in the pre-board review. As part of the pre-board review, the following processes will occur:

- All charges shall be presented to the accused student in written form.
- A time shall be set for a hearing, not less than five or more than fifteen business days after notification of the parties involved. Both the complainant and the accused student will be notified of the date, time, and location of the judicial board hearing. Maximum time limits for scheduling of the hearing may be extended at the discretion of the Vice President for Student Services.
- The complainant and the accused student will have a maximum of two school days post the pre-board review to submit in writing the names of any witnesses. It is the participants' responsibility to notify approved witnesses of the date, time and location of the hearing.

Judicial Board Hearing

A Judicial Board Hearing is an internal review of alleged violation(s) of College rules and/or policies. Its purpose is to determine if violations have occurred. Judicial Board Hearings are held whether or not the accused and/or the complainant attend.

The Judicial Board will be appointed by the Vice President for Student Services and will consist of ten members: four faculty members, two administrative employees, and four students. One alternate member of each group shall also be appointed. To conduct a hearing, three faculty members, one administrative employee, and two students must be present. The Director of Student Activities and Athletics and Athletics will serve as the Hearing Officer and will preside over the hearing. The Hearing Officer will also serve as a resource to the Judicial Board during the deliberation process. The Hearing Officer will review the case with the Judicial Board; will introduce witnesses; will direct the proceeding; will make certain that all relevant materials are reviewed and that non-relevant material is not introduced; and ensure that both the accused and the accuser will have ample opportunity to present the facts of the incident in their own words to the Judicial Board members.

The Judicial Board will assume responsibility for its procedural operation and will conduct hearings according to the following guidelines:

1. Hearings shall be conducted in private.
2. Both the Accused and Complainant will have freedom of harassment from each other and/or their supporters.
3. In cases of violations of a highly sensitive nature, every effort will be taken to allow both the accused and the accuser the right to question without direct visual contact during the hearing. Freedom from having irrelevant sexual history discussed during the hearing will be granted to both the complainant and accused.
4. Admission of any person to the hearing shall be at the discretion of the chairperson of the Judicial Board.
5. The complainant and the accused have the right to be assisted by any advisor they choose, at their own expense. The advisor may be an attorney. The complainant and/or the accused student are

responsible for presenting his or her own case, and therefore, advisors are not permitted to speak or to participate directly in the hearing.

6. The complainant, the accused, and the judicial body shall have the privilege of presenting witnesses, and shall have the opportunity to suggest questions for the cross examination.
7. Pertinent records, exhibits and written statements may be accepted as evidence for consideration by the hearing board at the discretion of the chairperson.
8. There shall be a single verbatim record of the hearing, such as a tape recording. The record shall be the property of the College.
9. Except in the case of a student charged with failing to obey the summons of the judicial body or College official, no student may be found to have violated the Student Code solely because the student failed to appear for the hearing. In all cases, the information in support of the charges shall be presented and considered at the hearing.
10. All procedural questions are subject to the discretion of the chairperson of the Judicial Board.
11. After the hearing, the judicial body shall meet in closed session to determine by majority vote, whether the student has violated each section of the Student Code of Conduct that the student is charged with violating.
12. The Judicial Board's determination shall be made on the basis of whether it is more likely than not that the accused student violated the Student Code.
13. Judicial Hearing Board decisions shall be prepared in writing within five (5) business days and directed to the Vice President for Student Services.

Sanctions

The following sanctions may be imposed upon a student who is found to have violated the Student Code of Conduct. The Vice President for Student Services shall be responsible for determining and imposing appropriate sanctions in all cases.

- A. Warning - A notice in writing to the student that the student is violating or has violated College regulations.
- B. Probation - A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe sanctions if the student is found to be violating any College regulation during the probationary period.
- C. Loss of privileges - Denial of specified privileges for a designated period of time.
- D. Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
- E. Discretionary Sanctions - Work assignments, service to the College, or other related discretionary assignments. Such assignments must have prior approval of the Vice President for Student Services.
- F. Suspension - Separation of the student from the College for a specified period of time, after which the student may apply to return. Conditions of readmission may be specified.
- G. Dismissal - Permanent separation of the student from the College.
- H. More than one of the sanctions listed above may be imposed for any single violation. Notices of disciplinary action shall be filed in the student's confidential disciplinary file in the Vice President for Student Services' Office. Upon graduation, such notices other than dismissal may be removed by application to the Vice President for Student Services.

The following sanctions may be imposed upon student groups or organizations:

- A. Those sanctions listed above in the Student Code.
- B. Deactivation-Loss of all privileges, including College recognition, for a specified period of time.

In each case in which the Judicial Hearing Board determines that a student has violated the Student Code, the decision will be considered by the Vice President for Student Services for final action, who will notify both the

accused and complainant students in writing within five (5) business days of the Judicial Hearing Board's determination and the sanctions imposed, if any.

Appeals

A decision reached by the Judicial Board or a sanction imposed may be appealed in writing by the students in violation or complainants to the Vice President for Student Services. The decision of the Vice President for Student Services is final. Except as required to explain the basis of new evidence, an appeal will be limited to the review of the verbatim record of the initial hearing and supporting documents for one or more of the following purposes:

1. To determine whether the original hearing was conducted in conformity with prescribed procedures of the Student Code.
2. To determine whether the decision reached regarding the student was based on sufficient information to establish that a violation of the Student Code occurred.
3. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which occurred.
4. To consider new information, sufficient to alter a decision, which was not brought out at the original hearing because the information was not known to the person appealing at the time of the original hearing.

Interpretation and Revision

Any question or interpretation regarding the Student Code of Conduct shall be referred to the Vice President for Student Services or his or her designee. The Student Code of Conduct shall be reviewed periodically as is practicable under the direction of the Vice President for Student Services.

Employee Disciplinary Procedures (Please refer to Policy 205 in the Employee Handbook)

Pursuant to applicable College procedures governing employee discipline and negotiated Labor agreements, any employee involved in the unlawful use, sale,

manufacturing, dispensing or possession of controlled substances, illicit drugs and alcohol on College premises or during the course of employment, or working under the influence of such substances, will be subject to disciplinary action, including dismissal, consistent with applicable laws, rules and regulations.

The College will not shield or protect its members from legal consequences of these actions, and will cooperate fully in investigation and prosecution of these cases. College disciplinary sanctions shall be made independently for the same violation.

As a condition of employment, all employees must abide by the above program statement, and any employee who is convicted of any drug violation in the workplace must inform the Human Resources Department within five (5) days of the conviction. Any employee so convicted is subject to disciplinary action up to and including termination.

At the College's option, the College may require that the employee enter a drug-abuse of rehabilitation program within thirty (30) days of the College receiving notice of conviction. Although the use and/or abuse of alcohol and other drugs at the workplace will not be tolerated, the employee will be encouraged to utilize the opportunity to receive proper help.

Review of the Drug and Alcohol Abuse Prevention Program

As prescribed by Section 1213 of the Higher Education Act of 1965, as amended by the Drug-Free Schools and Communities Act Amendments of 1989, a biennial review will be conducted by Pennsylvania Highlands Community College. The purpose of the review is to:

- **Determine the effectiveness and implement changes to the program if needed**
- **Ensure that the disciplinary sanctions described in the program are consistently enforced.**

The Director of Security & Safety, the Director of Student Activities and Athletics, the Assistant Vice President of Human Resources, and a counselor for the Student Success Center will meet on or about October 1, biennially to discuss documented instances where the Drug and Alcohol Abuse Prevention Program has been violated. They will submit their findings to the College President and present improvements and/or changes to the program. A biennial review of the College's current DAAPP was conducted to assess the current program and make recommendations for improvement, if applicable.

As there were no reports of drug or alcohol violations on campus over the past three years, no assessment can be made to determine if the process and sanctions within the College's DAAPP

are effective. However, we also cannot assume that no incidents are a direct correlation to our DAAPP and will continue our efforts in creating awareness in our fight against drug and alcohol abuse.

In an effort to maximize our outreach to students and employees regarding DAAPP, VAWA / SaVE and Title IX, College employees individually working on these initiatives paired up to combine resources for more effective outreach. The Vice President for Student Services, Director of Financial Aid, Dean of Enrollment Services and Registrar, Director of Student Success Center, Director of Student Activities and Athletics and the Director of Security and Safety served as the workgroup conducting the biennial review of the current DAAPP and other critical initiatives. This work group submitted its biennial review to the College President and it was approved.
