

## Student Fall-to-Fall Retention Rate Trend

### Student Right-to-know

Source: NCES IPEDS Fall Enrollment Component - Part E., Spring Collection 2016-2019

Retention rates examine the percentage of first-time in college, degree seeking students enrolled in the fall of the prior year that are still enrolled in the fall of the current year. Full-time students are those taking 12 or more credits; Part-time students are those taking less than 12 credits per term.
