Additional Course taken at Conemaugh: PHY102/103 Concepts of Physics

**Students must apply to the Conemaugh School of Radiology (Conemaugh Rad Tech) for admission to the clinical program. The clinical program starts each fall semester. While the school offers rolling admission, it is recommended that the student applies as soon as possible for admission as well as contact the program director with interest.

Clinical Program Pre-requisites: Students must be graduates of an approved high school. The GED equivalency is accepted.

- ❖ Completion of the following high school courses with a “C” grade average or better within the last 5 years:
 - Algebra I
 - Biology
 - Chemistry
- ❖ Completion of the following college courses with a “C” grade average or better:
 - HSC130 Basic Anatomy and Physiology

Note: Students entering the program with a previously completed associate or bachelor’s degree need only complete the program prerequisite of HSC130 Basic Anatomy and Physiology and HSC100 Medical Terminology in order to complete the certificate through Conemaugh School of Radiologic Technology.
