

LIBERAL ARTS & SCIENCES

ASSOCIATE OF ARTS
61-64 CREDITS

A Liberal Arts & Sciences degree equips students with a versatile foundation for diverse academic majors, programs, and even future graduate and professional schools. This pathway fosters independent thinking, encourages freedom of ideas, and nurtures creative expression. Opting for a Liberal Arts program is an excellent choice for those who have yet to decide on a specific focus or for those intending to transfer to a four-year college or university.

WE ARE ACCREDITED.

Penn Highlands is accredited by the Middle States Commission on Higher Education. This means you will receive the same quality of education as major four-year institutions in our area.

WE ARE FAMILY.

Our supportive staff and faculty are here for you. We are available to listen, offer advice, and provide support to help you succeed. With an 18:1 student-to-faculty ratio, the hands-on support you will receive feels like family.
