Performance of Services by GCU and Pennsylvania Highlands Community College

GCU offers content, instruction, and academic oversight of the Concurrent Enrollment Pathway (CEP) known as the GCU concurrent pathways (BS in Psychology, BS in Behavioral Health Sciences) through the College of Humanities and Social Sciences and the College of Business.

The CEP courses will follow the Concurrent Outline of Courses shown in the attachment Exhibit B. As improvements are made to the Programs, the Program of Study courses may change, however, credit hour requirements will follow the specifications of the current catalog.

GCU Requirements Include:

1. GCU shall grant eligible Partner potential students a scholarship rate of \$250 a credit hour for the 9-18 (dependent upon start term) CEP credits (Exhibit B) which is a reduction in the undergraduate tuition as shown in the current GCU University Policy Handbook (UPH) (the "Partner Scholarship"). This Partner Scholarship shall be available as long as this Agreement is in place and student maintains eligibility in the CEP by Partner. GCU reserves the right to change the pricing in its UPH at any time and the Partner Scholarship will be applied only as an offset to tuition stated in the UPH. The Partner Scholarship cannot be used in conjunction with any other scholarships, awards, promotions and/or other programs offered by GCU.
2. The Partner Scholarship applies to all Partner eligible students who apply to GCU for the CEP on or after the effective date of this Agreement. GCU shall provide a welcome page to Partner for students interested in learning more about the GCU's CEP offering with Partner.
3. GCU shall provide marketing literature and informational sessions in collaboration with Partner to promote CEP and support student educational goals. GCU shall also include the CEP in its general marketing efforts and, at the request of Partner, shall conduct periodic marketing efforts specifically targeted at potential students for the CEP. GCU shall also conduct all necessary public relations activities designed to enhance and further the status and reputation of the CEP with Partner's prior consent, and which consent shall not be unreasonably withheld.
4. GCU shall provide a local University Development Counselor as a primary contact and Partner resource and information events.
5. GCU will provide all necessary student advisement to ensure student success during the CEP and necessary coordination with partner processes.

Partner Requirements Include:

1. Partner shall announce the formation of the alliance with GCU to appropriate student intenders to the CEP and shall work with GCU to communicate to appropriate students the benefits of Programs offered by GCU.
2. Partner shall provide communication to known intenders for the CEP to GCU and will include GCU in recruitment efforts.
3. Partner shall allow access to present information regarding the CEP with GCU to Partner students via information meetings as appropriate when there are groups of students interested in pursuing a CEP option.
4. Partner shall also work with GCU to provide outreach to potential students, including but not limited to informational webinars, posting of flyers, profiling in Partner's newsletters, and other activities as appropriate.
5. Upon GCU's reasonable request, Partner will inform GCU of the CEP student acceptances, withdrawals, leave of absences, suspensions, or failures as relates to student groups/cohorts that may affect student progress in the GCU required coursework, so long as such student has consented to the release in writing.
6. Partner will identify / designate point of contact for CEP to provide coordination with GCU appointed personnel on administrative, advising, and student service support to partner students.
